

The Beabout Times

*From the Beabout Family serving with TWR while on-loan to HCJB World Radio
TWR's address information: PO Box 8700, Cary, NC 27512 www.twr.org phone 919-460-3700
Summer 2010*

Warm Christian Greetings from our home to yours. I hope you are doing well and that you are encouraged in your walk with the Lord.

Things at the HCJB Technology Center continue to be busy. Progress continues to be made on the transmitter slated to be put into service by TWR in Swaziland, Africa. Two HC100 transmitters are being refurbished. I've also seen an increase in service calls for the low power FM transmitters. That's my main work at the center. I may be going to Ghana, Africa sometime after the new year to do some training on transmitter service there. This would be the same kind of training I gave a few years back in Bali, Indonesia. Recently, I've been working on some electrons test equipment that is used elsewhere in the mission. I'm glad I can use the training I received years ago when I was in the USAF.

I am thankful that God is using all the work and all the efforts to reach people around the world through radio.

With that in mind, I'd like to share with you a listener letter excerpt received as a result of the broadcast. This one is from a listener in Romania:

"I am 80 years old and I found your frequency by accident and since then I listen to your messages. It is a wonderful program and I listen with great pleasure to pastor Covaci. Please send me some of them on tapes. Some of my neighbors are mean and I would like to have them listen to your program. My parents were Christians and they build a church in my village. I didn't want to be baptized when I was young and have sinned so many times in my life. Now I am praying every night that God will forgive all my sins and I believe that He does that. Thank you for your work."

Thank you for your ongoing support and interest in our family and ministry with TWR and HCJB.

In His service,

Perry & Jodi Beabout
