APRIL- JUNE 2010

Dear Ministry Partners:

### India:

It is always exciting to see a plan come together. Of course, even more so when God's plan is witnessed before your eyes. We are so privileged to be a part of Sathish & Hellen Divakar's ministry in southern India. The ministry in Bangalore, India, has been far reaching even into northeast India. The vision of the Divakar's permitted us to see a large tract of land purchased last year and now God's plans are laid out to relocate the Beacon Baptist seminary to the new property. Faith Baptist Church will also be a part of the relocation.

Praise for the blessings in India:

1. Praise God for the Khata (ownership document)
2. Praise God for the fencing and fixing the approach road for the property

Pray for GAP matters in India:

1. Pray for finances for drilling a bore well for the new property for school
2. Pray for 21 new believers saved in recent weeks as students have graduated going to areas and states of India that God has led them

Thailand: Thailand travels and ministry team efforts are before us. We were temporarily sidelined due to political protesting in Bangkok. The protests have diminished and are under control. Pastor Kiatisak has been used of the Lord and his passion for reaching the Thai people has extended from the Bangkok metro area to northeast Thailand in Chiangrai among the Lahu and Akha people.

Ministry Needs: This is a letter that is not asking for funds but prayer. We have dropped almost 12% in support, as churches have had to drop missionaries with the economy crunch. Pray that God may lead new supporters to invest in our efforts in Asia. If we could get 25 people to commit to \$25 a month and 20 churches to consider a \$15-\$25 increase in support, the deficit will be resolved.

We are so grateful for each of you. Thanks for your inspiration to us, your investment in us, and your intercession for us. We love you.

Laboring with hearts and hands,

Larry and Pat Bradley

April: 100  
May: 100  
June: pending Special:

Love you 700!
