

DR. RICHARD VICK
BIO Missionary to East Africa
Djibouti, Somalia, North Kenya, Sudan, Eritrea, Uganda

July 15, 2010

Dear Pastor Cross and Friends,

We are so grateful for the monthly support you sent us in June. Without your faithful support we could accomplish nothing for our Lord and His work around the globe would be greatly hindered. Again, we thank you for your monthly support of \$ 300.00.

The doctor has given me the go ahead to begin preaching again on a limited basis. If you could use us to report to your church or in a conference we would be happy to be with you at your convenience. I am limited to twice a month but that would be a great blessing to me.

Our Ethiopian Pastor Berhanu Yoseph graduated over one hundred students a week ago and the work is going on very good in the many churches he has started in Ethiopia. As you may know he is starting churches in Sudan, and Uganda and is planning on going to Eritrea, Djibouti, Somalia, Northern Kenya, Burundi and Rwanda. Several of his students are from other countries other than Ethiopia. We are rejoicing in the work there and are looking forward to returning to Ethiopia at least by next January.

Because of your support we are able to assist Berhanu, the school and several of the preachers he is working with. We are rejoicing in the good number of people that are being saved, both hearing and deaf.

Once again, thank you for your faithful support and dear friendship.

Sincerely

Richard and Florine Vick
